What is Gelato?

Gelato is the most delicious ice cream you will ever eat. It was invented in Italy but is now popular all over the world. What makes it so good? It contains less air than regular ice cream, and so is denser. This gives it a wonderful, velvety texture and intense flavor. You'll never guess that it has about half the fat and calories of regular ice cream (it's made with milk instead of cream)!

THESE PRICES ARE NOT AVAILABLE FOR IN-HOUSE DINING.
